A black and white photograph of a sculpture. The sculpture is constructed from numerous stacked concrete blocks, some of which have holes. It sits on a base of large, rough stones. A tall, dark pole rises from the base, topped with a large, light-colored sphere. In the background, there are trees and a building with a grid-like facade.

PRINCIPALS

"We are building this year to improve the physical facilities. Bonneville has been building for eighteen years to build traditions and programs that will make her men and women great. We have and are achieving this goal. I would like to strive for values and academic excellence that will affect us all our lives."

Carl DeYoung

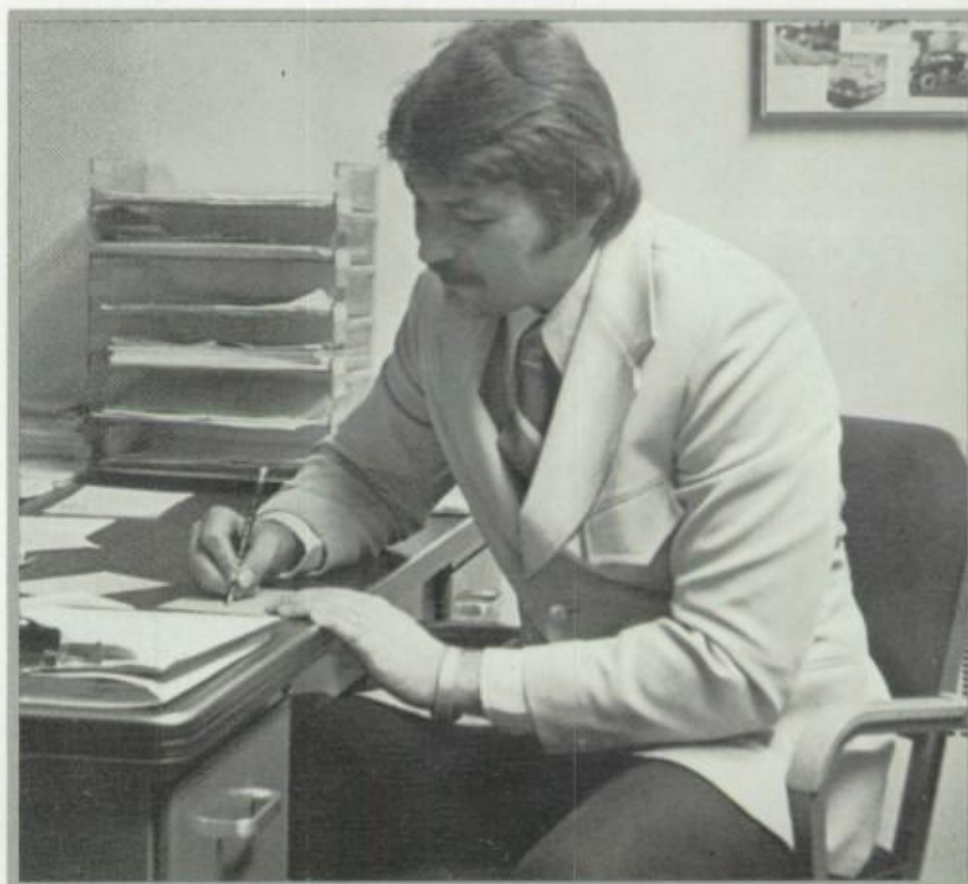

Carl DeYoung

"Build to Win" is a great way to express the opportunities here at Bonneville for our students. The involved Laker is building to win not only here at school but for life. Hopefully everyone who attends Bonneville High School will obtain the necessary tools to build a winning and successful life.

C. Paul Ogden

C. Paul Ogden

"It has been a great year in the land of the Lakers. Our students have really put it together to make this year's theme 'Build to Win' become an actuality. It has been a pleasure to be part of this 'Laker feeling' and to be associated with the finest staff and young people anywhere. My thanks to all of you."

In Mr. Garside's 18 years with Bonneville, we still don't know what he enjoys best; his jokes with the male students or watching the females walk around. Either way, we all love him and will miss his not being around, in every way. Good Luck, and may God bless you, Mr. Garside.

Sincerely,

All of us at Bonneville High

SPANISH CREW

This year Spanish Crew participated in many cultural activities such as folk dancing and learning popular Mexican songs. Some of the members also had foreign exchange students in their homes from Guatemala. These students were here for two months during November and December. Those people who had encounters with them found them very friendly. Spanish Crew sponsored two activities around them along with the many others.

Row 1: Mike Harrison, Mike Lynch. Row 2: Eve LeClaire, Muriel Smyth, Mr. Winn, Coleen Kelly, Denise Miller.

FBLA

The purpose of our crew is to let the business students know about how our American business system works. We tell them opportunities that are open and how to get into them. We have many activities throughout the year that support these two ideas. We take field trips to interesting and fun places, but they are always educational. We do have parties just for fun, occasionally, but we always try to teach the members something. There are contests sponsored by the state and the nation in April that make it possible for the student to show what he knows or what he has learned in a business class. There are also general conferences in November and April for all members in the state and nation. There are many prizes and trips given away for winners of the contests. It's a great crew!

LITERARY CREW

The Literary Crew published the Laker Pencraft this year. Contributions of poetry, short stories, essays, art and photography were featured. The Literary Crew held the Mr. and Madame Ugly Contest and other activities as fund raisers to create a publication worthy of the Laker title.

Left to Right: Kevin Jacklin, Steve Empey, Mike Peterson, Nancy Webb, Spencer Barnes, Kim Arave, Jim Shoe, Randy Karas, Mr. Ogden.

CB CREW

The C.B. Crew had many activities for the benefit of the members. We had some people from different C.B. distributors and wholesalers come in and tell us the proper techniques on how to use the C.B. correctly. He also told us of a new line of C.B.'s and antennae. All in all we had a great year.

SPORTS CAR CREW

The Sports Car Crew is new this year. The officers are Kippy Cashmore, Dan Flachsbart, Karl Oberg, and Mike Lynch. If you see us roaring out of the parking lot, you'll know we're heading for the race track.
